

At Newman College, we deliver a model of learning which is innovative, creative and rigorously underpinned by contemporary and relevant practice.

Our Vision for Learning *Shine through Discovery*, animates our learning community to create, collaborate, connect and celebrate who we are and what we seek to achieve.

Our College encourages our students to strive for personal and academic success. We congratulate the Class of 2017 for their hard work and the staff who guided our students towards their success.

John Finneran, Principal

YEAR 12 2018 COMMITMENT

Our cohort will strive to achieve success throughout the year through our #challengeyear12 project which encourages us to collectively push our boundaries, not only academically, but also in all other aspects of College life. With the initiation of the #challengeyear12 project, we anticipate that students will achieve their best results and reap the benefits of engaging in everything that Newman College has to offer. We challenge all students at Newman College to **"Let your light Shine"** and achieve excellence in their studies through the promotion of a positive learning environment where students are able to excel in collaboration.

We look forward to the coming year.
