Changes to Add on Warranty and Insurance

In Australia, there is a new regulation for add-on insurance products commencing on 5 October 2021. The Deferred Sales Model for Add-on Insurance regulation prohibits sales of add-on insurance within the first 4 days of a customer purchasing a principal product such as a notebook or tablet device. The model requires a clear four-day pause between when a customer enters a commitment to acquire a principal product or service and when they are offered or sold an add-on insurance product. More information can be found by following the link [Regulatory Guide RG 275 The deferred sales model for add-on insurance \(asic.gov.au\)](#).

Winthrop Australia will automatically send you an email after this period to enable you to purchase an extended warranty should you wish to.

Warranty and Repairs

If any problems occur with the device or with the Windows 10 operating system (including damages) - bring the device to the Newman College ICT Department so they can properly diagnose the issue.

If the device requires repair or replacement, the ICT Department will advise the appropriate course of action.

If the Surface Pro 7 does require repair or replacement a loan device will be provided.

The Keyboard Cover is only covered by a 24-month warranty.

Frequently Asked Questions

Q: If parents want a more powerful model (i.e. more memory etc.) can they get that?

A: **Yes.** To get a more powerful Surface Pro model, Refer to the options on the portal.

Q: Is the price of any bundle on the web portal fixed?

A: The price of any Microsoft Surface Product listed in bundles on the portal are subject to change.
