Changes to Add on Warranty and ADP

Please note:

Due to new laws, from the 5th of October 2021 Winthrop are no longer allowed to sell Accidental Damage Protection, insurance or add on warranty at the time of purchase. Winthrop will send you an email 5 days after you place your order with a link to purchase insurance or add on warranty if you wish to do so. You must opt-in on the checkout page to receive the email.

Highly Recommended.

It's highly recommended that the Microsoft 3-year warranty with ADP is purchased. Depending on which option is selected your device will be covered for 2 claims for accidental damage such as cracked screens and water damage over three years. Theft, loss, or accessories are not covered.

Warranty and Repairs

If any problems occur with the device or with the Windows operating system (including damage) - bring the device to the Newman College ICT Department so they can properly diagnose the issue.

If the device requires repair or replacement, the ICT Department will advise the appropriate course of action.

If the Surface Laptop 4 does require repair or replacement a loan device will be provided.
