## Changes to Add on Warranty and ADP

Please note:

**Due to new laws**, from the 5th of October 2021 Winthrop are no longer allowed to sell Accidental Damage Protection, insurance or add on warranty at the time of purchase. Winthrop will send you an email 5 days after you place your order with a link to purchase insurance or add on warranty if you wish to do so. You must **opt-in on the checkout page** to receive the email.

## Highly Recommended

It's highly recommended that the **Microsoft 3-year warranty with ADP** is purchased. Depending on which option is selected, your device will be covered for **2-3 claims** for accidental damage such as cracked screens and water damage over three years. Theft and loss of accessories are not covered.

## Warranty and Repairs

If any problems occur with the device or with the Windows operating system (including damages) - bring the device to the Newman College ICT Department so they can properly diagnose the issue.

If the device requires repair or replacement, the ICT Department will advise the appropriate course of action.

If the Surface Laptop does require repair or replacement a loan device can be provided while the student device is sent in for repair/replacement.

## Frequently Asked Questions

Q: Is the price of any bundle on the web portal fixed?

A: The price of any Microsoft Surface Product or accessory listed in bundles on the portal are **subject to change**.

## The device needs to be set up before the first day of school

To ensure a smooth start to the year, the designated device **needs to be set up at home first**, to a usable level on the desktop. It should not be brought to school with the out of box experience first time setup.

The device needs to be set up with a personal email account, **not the College provided account**.
