

Applying for VET Certificates (for 2022 school year)

What is a VET Certificate?

A VET Certificate (also known as a TAFE qualification) is a great opportunity to get a head start on your career. Choosing a VET pathway means you can make school more interesting and relevant to you while beginning your career with recognised qualifications.

VET qualifications are the perfect introduction into the world of work. You will learn practical skills in Year 11 and 12 while gaining an insight into the needs of the workplace. You will attend training (away from school) one or two days a week and for the rest of the week participate in your normal school program.

Success in your VET qualification can lead to immediate employment by graduating with a nationally accredited qualification, or you will have a head start in other nationally recognised qualifications.

How do I apply?

1. Obtain a Unique Student Identifier (USI) at <https://www.usi.gov.au/your-usi/create-usi>
2. Find your desired course using the course lists below.
3. Enrol yourself in your desired course using the links listed. If you have difficulty, contact the College VET Coordinator using the contact details below. Please note that students must have made an attempt to enrol themselves before seeking assistance.
4. Applications for VET Certificates close on **31 August 2021**. The VET Coordinator will notify students of the outcome of their application.
5. Please note that, after the student successfully completes the VET Certificate, families can apply to the College for a reimbursement of up to \$1,000 of any costs paid.

Challenge — Collaborate — Create — Celebrate

Terms and conditions

The following terms and conditions apply for enrolment in VET Certificates. The student's submission of an enrolment application for a VET Certificate is deemed to be acceptance of these terms and conditions.

Student eligibility	VET Certificates are only available to non-ATAR Pathway students. Students undertaking the ATAR Pathway (that is, 4 or more ATAR subjects) are not eligible to apply.
Relationship to school subjects	VET Certificates are chosen in addition to the student's 6 school-based subjects.
Absence from school	Students will be permitted to be absent from school 1 to 2 days per week to attend their VET Certificate training. Students are expected to make arrangements to catch up on missed work. Extensions to due dates for school assessments will not be granted due to absences associated with VET Certificate study.
Student absences from training	Arrangements for absences from VET Certificate training (whether planned or unplanned) should be made directly with the student's lecturer.
Communication with families	Students enrolling in VET Certificates are undertaking study with a third party, separate from Newman College. Newman College does not regularly receive information regarding student progress or welfare, and is not able to provide ongoing updates to families on student progress in VET Certificate courses. For questions or concerns regarding a student's progress in their VET Certificate, please contact the College VET Coordinator who will be able to provide information on resolving the issue.
Course length	VET Certificates are either 1 year or 2 years duration. Families can check the duration of courses using the links below, or by contacting the College VET Coordinator.
Commencement information	Where possible, Newman College will provide families with information concerning course commencement dates/times and necessary materials. This is dependent on the College receiving the relevant information from the Registered Training Organisation. Some Registered Training Organisations communicate with families directly, whilst others communicate via Newman College.
Quality endorsement	All VET Certificate courses are delivered by Registered Training Organisations (RTOs) and are recognised qualifications under the Australian Qualifications Framework. Inclusion of a VET Certificate course in this document is not an endorsement or recommendation of the course or RTO by Newman College.
Fees	Fees can vary widely. Some VET Certificates have no cost, whereas others attract a significant cost. Families are advised to check fees using the links below, or with the College VET Coordinator. Families are responsible for payment of VET Certificate fees (however, see below for reimbursement).
Fee reimbursement	Newman College will reimburse families the cost of a VET Certificate, up to a limit of \$1,000 per qualification. Reimbursement is paid upon successful completion of the qualification. Families must request reimbursement from the College once the VET Certificate is completed.

VET Certificates available for 2022 school year
